A TASTE OF VANCOUVER

Enjoy British Columbia's Largest City

- Day 1: Your expedition cruise starts with an overnight stay in Vancouver, a bustling and beautiful seaport city set against steep mountains. Vancouver's various neighbourhoods buzz with world-class farm-to-table cuisine. Don't miss Gastown, Vancouver's Victorian quarter. Here you'll find the 553-foot Vancouver Lookout, which offers a perfect 360-degree panoramic view over the city.

YOUR EXPEDITION BEGINS

Set sail from Vancouver

- Day 2: After breakfast at your hotel, we'll take you on a city tour showcasing the main highlights of Vancouver. When the tour is over, you'll be dropped at the pier where your expedition ship MS Roald Amundsen awaits you. Settle in and take your time to get to know the ship before listening to the safety briefing. Your knowledgeable Expedition Team will lead the way on excursions and landings. Get to know them and sit down to enjoy a welcome dinner — your grand Alaska adventure is now underway.

CRUISING QUEEN CHARLOTTE SOUND

Look out for marine wildlife as we cruise the Inside Passage

- Day 3: The Inside Passage coastal route takes us through the great North American Pacific Fjordland, a protected stretch of water over 930 miles long. We'll be transiting outside of the protected fjords, up Queen Charlotte Sound and Hecate Strait. This is a day at sea, and our passage is somewhat protected from the open ocean by the island of Haida Gwaii. As we sail, look out for wildlife including humpback whales, orcas, fin whales, minke whales and Pacific white-sided dolphins.

INTO THE MISTY FJORDS

Venture deep into a beautiful and wild realm

- Day 4: Part of the Tongass National Forest, Misty Fjords is a pristine wilderness of evergreen trees, roaring waterfalls and snowcapped peaks. The revered naturalist John Muir described the area as one of the most beautiful places he'd ever seen. Weather permitting, you'll join the Expedition Team to tour Misty Fjords in our small expedition boats, or explore in a kayak. Misty Fjords is rich in wildlife. As we explore, scan the shores and forests for black and brown bears, as well as moose. These waters are home to Pacific salmon, otters, Steller sea lions, harbour seals, orcas and Dall's porpoises. Skywards, you might spot herons and Bald Eagles.

THE TOTEMS OF KLAUWOCK

Discover Klawock's Native heritage

- Day 5: Today we visit Klawock, beautifully situated on the western shore of Prince of Wales Island. The small town has a population of around 700 and is famed for its collection of totem poles – the largest in Alaska. A centre for Lingít culture, the original name of the island was 'Taan' meaning sea lion. At the Totem Park you'll see 21 exquisitely carved examples, some of them replicas of the originals that stood in the winter village of Tuxecan.

FJORDS OF SOUTHEAST ALASKA

Explore the scenic bays of Chatham Strait

- Day 6: Start your day looking out for whales in the pristine waters of Frederick Sound. Today is an exploration day, so the Captain and Expedition Team will use their local knowledge to choose the best destination. We might take to the water in our expedition boats and investigate the secluded coves and forested shorelines of the 150-mile-long Chatham Strait, or perhaps opportunities for kayaking will present themselves if the conditions are right. Wherever we explore, keep a lookout for wildlife as Bald Eagles, bears and humpback whales can be spotted in this region.

ICY STRAIT EXPEDITION DAY

Embrace the thrill of wild Alaska

Day 7:

Today is another day of exploration as we sail into Icy Strait and take a closer look at some of the islands. Possible destinations to explore include George Island, Inian Islands and Idaho Inlet but – as ever – we will gauge the weather conditions and wildlife spotting opportunities to decide upon the best location.

Using our expedition boats, we may get close to some of the rocky shores here, with the possibility of a landing and nature walk. The coast in this region grows more rugged the closer we get to the open sea, with rocky pinnacles and sea caves galore. Keep an eye out for whales, as well as sea lions, orcas and Bald Eagles.

GLACIERS OF ICY BAY

Spot wildlife in these glacier-fed waters

Day 8:

Today is an exploration day in Icy Bay. Three glaciers – Guyot, Yaktse and Tyndall – regularly calve into this bay. If conditions allow, you'll explore in our small expedition boats or by kayak, immersing you in the remarkable beauty of this icy landscape.

Wildlife abounds in the Gulf of Alaska, offering unrivalled photography opportunities. Humpback whales, orcas, Stellar sea lions, sea otters and harbour seals lazing on floating chunks of ice are often seen in these waters.

HISTORIC VALDEZ

Learn about the rich history of Valdez

Day 9:

Today you'll see a region that was in the news for all the wrong reasons when the Exxon Valdez oil spill occurred in 1989, but which today has made a remarkable recovery. After significant clean-up efforts, the coastline has recovered — a remarkable testament to what can be done to heal damaged ecosystems.

On a visit to the Valdez Museum, you'll see exhibits of Native Alaskan art and culture as well as artifacts from the Gold Rush era, and learn about the history of Alaska's Bush Pilots. As we travel around this region, look out for wildlife such as beavers, moose and bears.

TIDEWATER GLACIERS OF PRINCE WILLIAM SOUND

Get ready to experience nature's raw power

Day 10:

Today is a day all about glaciers. Prince William Sound is home to 150 of these amazing rivers of ice, including 17 incredible tidewater glaciers. Your Captain will choose the best location for the day based on the conditions.

We'll get as close to the glaciers as we safely can, taking our small expedition boats into the fjord or even exploring by kayak if conditions permit. From the water, you might catch sight of humpback whales, Bald Eagles, otters and harbor seals, all of which inhabit this icy wilderness.

SEWARD'S STUNNING BEAUTY

Travel inland to Anchorage through spectacular scenery

Day 11:

Your expedition cruise ends in Seward, the only deep-water, ice-free port with road, rail and air connections to Alaska's interior. Keep your eyes open as we cruise into Resurrection Bay as the area is known for its population of beluga whales.

To get the most out of your stay, we recommend joining our optional Post-Programme to the incredible Denali National Park, home to North America's highest peak and a huge range of Alaskan wildlife.

Im Preis inbegriffen

Hotel

- Overnight in Vancouver, including breakfast, before the expedition cruise

Transfers

- Transfer from the hotel to the ship in Vancouver, including a city tour

Expedition Cruise

- A stay in a cabin of your choice
- Daily breakfast, lunch and dinner
- Wine, beer and spirits available at meals and throughout the day and evening (subject to licensing laws, excludes premium drinks)
- All day coffee, tea and soft drinks
- Meals and take-away available throughout the day during Fredheim restaurant opening hours
- Fine dining in restaurant Lindstrøm included for suite guests
- A complimentary water bottle to refill on board and take home
- A polar expedition jacket, a backpack, or another piece of HX kit
- Professional photos from your trip taken by our onboard photographer
- Complimentary Wi-Fi. Please note, streaming is not supported
- Use of sauna, hot tubs, pool, fitness room, lounges and more
- Gratuities included. Fantastic service is standard at HX – though if you'd like to leave something extra, it's always appreciated
- Range of included activities

Onboard Activities

- In-depth lectures and discussions hosted by experts on the Expedition Team
- Full access to the ship's Science Centre
- Citizen Science Programme allows guests to assist with ongoing scientific research
- Professional onboard photographer gives tips and tricks for the best landscape and wildlife photos
- Informal gatherings with the crew for daily briefings

Landing Activities

- Escorted landings with small expedition boats
- Loan of boots, trekking poles and all equipment for activities
- Expedition photographers on hand to assist you

Notes

- All planned activities are subject to weather and ice conditions
- Excursions and activities are subject to change
- Please make sure you meet all entry and boarding requirements
- Depending on your flight times, an additional overnight might be needed (not included)

Notes

- All planned activities are subject to weather and ice conditions
- Excursions and activities are subject to change
- Please make sure you meet all entry and boarding requirements
- Depending on your flight departure from Anchorage an overnight might be needed
- Your voyage ends in Seward. Transfers to Anchorage need to be booked in addition.

Nicht im Preis inbegriffen

- Internationale Flüge
- Zusätzliche Übernachtung(en), sofern aufgrund der Abflugzeit Ihres internationalen Fluges erforderlich
- Transfer von Seward nach Anchorage am Ende Ihrer Seereise
- Reiseversicherung
- Gepäckverladung
- Optionale Landausflüge unter der Leitung unserer lokalen Partner
- Optionale Aktivitäten in kleinen Gruppen mit unserem Expeditionsteam
- Optionale Behandlungen im Spa- und Wellnessbereich an Bord
