VIBRANT QUITO

Begin your adventure in the vibrant city of Quito

Day 1 -
Vibrant Quito

Your journey begins on the Equator in the lush Andean foothills. At 9,350 feet, Quito is the second-highest capital city in the world, and its main draw is the exquisite Old Town which was founded on an ancient Inca settlement. A UNESCO World Heritage Site, it's packed with well-preserved colonial architecture as evidenced in colourful plazas, magnificent churches, and handsome monuments.

Settle into your hotel and enjoy an overnight stay.

If you have time, why not come a few days earlier and join one of our pre-voyage options.

VISIT HISTORIC QUITO

Straddle the Equator at the Middle of the World City

Day 2 - Visit historic Quito

Today you'll enjoy a guided tour of Quito's remarkable Old Town. It's one of the largest and best-preserved colonial-era quarters in South America. Wander through cobblestone streets as you admire the architecture and sample some delicious chocolate made from finest Ecuadorian cacao along the way.

Next, you'll head to the iconic 'Middle of the World City', located around 16 miles north of Quito. After lunch, you'll visit the famous monument that delineates the imaginary line of the Equator. Have your camera ready to capture the moment you stand with one foot in each hemisphere.

YOUR CRUISE BEGINS

Get ready to explore the spectacular Galápagos Islands

Day 3 - Your cruise begins

After breakfast, a short flight will take you to Baltra Island in the spectacular Galápagos archipelago. A transfer brings you straight to the port where your comfortable expedition ship MS Santa Cruz II awaits.

You'll get your first glimpse of the islands' incredible wildlife on Mosquera Islet, home to one of the largest sea lion colonies in the archipelago. We'll take our small boats ashore to get a closer look.

As you stroll across flat and sandy dunes, look out for blue-footed boobies and Sally Lightfoot crabs, and learn about the marine and terrestrial ecosystems from your naturalist guides.

SAN CRISTÓBAL'S TORTOISES

Day 4 - San Cristóbal's tortoises

First our small boats will take you to Punta Pitt, the only site in the Galápagos Islands where you might see three species of boobies. Enjoy a nature walk, explore the coastline by boat, or snorkel and swim in the crystal-clear water.

Then we'll head to the Cerro Colorado Tortoise Reserve, a breeding centre for the endangered giant tortoise. It's also home to other endemic species, including the San Cristobal mockingbird and lava lizard.

The giant tortoise is probably the most iconic of all Galápagos wildlife, with a lifespan of over 100 years. Here, they thrive, ambling around forests similar to their natural habitat.

SANTA FE AND SOUTH PLAZA

Spot wildlife against idyllic backdrops

Day 5 - Santa Fe and South Plaza

We start the day with a scenic nature walk on the blissful beaches of Santa Fe, home to the endemic Barrington land iguana and a colony of sea lions.

You can swim or snorkel from our small boats, take a kayak for a paddle around the island, or join a trip in our glass-bottomed boat to observe the marine life below. After a delicious lunch, prepared by our onboard chefs, we head to South Plaza Island.

Keep an eye out for frigatebirds, swallow-tailed gulls, and Galápagos shearwaters gliding on the breeze. Here, among a dazzling array of flora, land iguanas laze by the shore while marine iguanas slip in and out of the water.

EXPLORE SANTA CRUZ

Learn about local conservation on Santa Cruz Island

Day 6 - Explore Santa Cruz

Today we pay a visit to the Charles Darwin Research Station in Puerto Ayora

A giant tortoise breeding centre, here you can see recently hatched tortoises and Darwin's famous finches: the birds he used as a basis for his theory of evolution by natural selection. There's also an impressive forest of prickly pear cacti that's home to many land birds.

Enjoy a cooler climate over lunch in the lush highlands, where giant tortoises shuffle about munching on grass and wallowing in pools.

You'll have time for another activity, such as mountain biking or visiting a sugar plantation.

DRAMATIC ESPAÑOLA

Lava lizards and incredible birdlife

Day 7 -
Dramatic
Española

Your Galápagos Islands cruise reaches Española, the archipelago's most southerly island. Birdlife here is truly extraordinary – look out for Nazca boobies, blue-footed boobies and swallow-tailed gulls, and the mighty waved albatross on cruises April through December.

It's also a chance to spot red Española lava lizards and marine iguanas, as well as see the famous blowhole, El Soplador, blasting water 75 feet into the air.

After lunch on board the ship, we'll head to the picturesque coral beach of Gardner Bay and nearby Osborn Islet, to seek out sea lions, mockingbirds, and finches. If you're feeling active, you can go snorkelling or kayaking.

REEF LIFE ON EDEN ISLET

Green turtles, sharks and rare bird colonies

Day 8 - Reef
life on Eden
Islet

The wealth of wildlife watching opportunities continues at Eden Islet, where we hope to see Galápagos green turtles, rays, and friendly reef sharks. On the shore, look out for distinctive frigatebirds with their rubbery, red throats.

You can swim or snorkel to explore the reefs. Alternatively, see the reefs from our glass-bottomed boat or by kayak. After lunch, we'll sail to North Seymour.

The island is a great site for spotting colonies of blue-footed boobies and swallow-tailed gulls. Sea lions and marine iguanas also congregate here, attracted by the bountiful sea life in its waters.

END OF YOUR EXPEDITION

From the Galápagos Islands back to Quito

Day 9 - End of
your
expedition

Your expedition cruise draws to a close as you disembark at Baltra Island. A transfer will take you to the airport in Baltra for your flight to Quito (or if you prefer, to Guayaquil) to connect to your international flight.

To explore more of Ecuador, why not extend your stay and join one of our post-voyage options.

As you leave this fascinating region, you'll take with you incredible memories of amazing wildlife and wonderful experiences few have the privilege of seeing.

Im Preis inbegriffen

Hotel

- Two hotel nights in Quito before the expedition cruise, including breakfast, and dinner on Day 2

Flights

- Flights in economy class between Quito and Baltra, including all taxes

Transfers

- Transfers between the airport and the hotel in Quito before the expedition cruise
- Transfers between the airport and the ship in Baltra

Excursion

- Full-day excursion: Historic Quito & Middle of the World, including lunch, before the expedition cruise

Extras

- Galápagos Islands National Park admission fee
- Transit control card for the Galápagos Islands
- Access to the airport lounge at the Quito (or Guayaquil) airport upon return from the Galápagos Islands for guests flying internationally on the day of disembarkation

Expedition Cruise

- A stay in a cabin of your choice
- Daily breakfast, lunch and dinner
- Wine, beer and spirits available at meals and throughout the day and evening (subject to licensing laws, excludes premium drinks)
- All day coffee, tea and soft drinks
- A complimentary reusable Ocean Bottle water bottle to refill on board and take home
- A lightweight drawstring backpack to use on board and take home with you
- Professional photos from your trip taken by our onboard photographer
- Complimentary Wi-Fi. Please note, streaming is not supported
- Use of hot tubs, fitness room, lounges and more
- Gratuities included. Fantastic service is standard at HX – though if you'd like to leave something extra, it's always appreciated
- Range of included activities

Landing Activities

- Escorted and guided landings with small boats
- All necessary equipment for activities, such as walking poles, short wetsuit, and snorkelling equipment (varying sizes for adults, one size for children) will be provided on board on loan. Your HX travel documents will have a recommended packing list.
- Expedition photographer on hand to assist you

Onboard Activities

- In-depth lectures and discussions hosted by our knowledgeable Expedition Team

- Full access to the ship's Science Corner
- Citizen Science Programme allows guests to assist with ongoing scientific research
- Professional onboard photographer gives tips and tricks for the best landscape and wildlife photos
- Daily briefing with the Expedition Team about the plans for the next day

Notes

- All planned activities are subject to weather conditions
- Your flight from Baltra will be to Quito. If you wish to end your expedition in Guayaquil instead, contact our Expedition Specialists. You can also change your final destination from Quito to Guayaquil when booking online.
- Quito's altitude is at approximately 9,350 feet above sea level and during your stay, you might experience mild altitude sickness
- We provide snorkelling gear for adults, but please bring your own if you require a special prescription and for children to ensure the best fit and comfort.
- Excursions and activities are subject to change
- Please make sure you meet all entry and boarding requirements
- No gratuities expected
- Depending on your flight times, an additional overnight might be needed (not included)

Nicht im Preis inbegriffen

- International flights
- Additional overnight(s) if required due to international flight timings
- Travel insurance
- Luggage handling
