Located above the Arctic Circle and nestled beside the world's largest and deepest multi-branched fjord system, Ittoqqortoormiit stands as one of Greenland's most remote towns. Home to approximately 350 residents, this small community offers a fascinating insight into the traditional Inuit way of life. Here, people have embraced a sea-dependent existence, where the ever-changing sea ice opens new opportunities for exploration.

Learn the stories of the community's resilience with a guided tour. Explore key landmarks such as the museum, church, weather station and public service buildings. Enjoy the chance to have your passport stamped in this unique destination, adding a permanent reminder of your visit.
