Day 1 Arrive in Oslo

Having made your way to Oslo, you will be met by a representative of Aurora Expeditions and transferred to our group hotel. Upon arrival at your included hotel, please visit the Aurora Expeditions hospitality desk to collect your luggage cabin tags and to speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket. The remainder of your time is at leisure. All meals today are at your own expense. Accommodation: Oslo Hotel (to be advised).

Day 2 Fly to
Longyearbyen,
embarkation

Spitsbergen is the largest island in the Svalbard archipelago and offers Arctic wilderness at its best. Phenomenal fjords, magnificent mountain ranges, and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled out on sea ice or beaches, stretch your legs on tundra walks carpeted in brightly coloured wildflowers, and visit towering cliffs noisy with nesting guillemots and puffins. This expedition has been thoughtfully designed and includes a mix of activities, such as expert-led talks, engaging workshops and exhilarating Zodiac cruise safaris. You will be accompanied by engaging guest speakers from the world of science chosen by New Scientist Discovery Tours, along with the highly knowledgeable and supportive expedition team. Learn about topics including glaciology, climate, marine biology, and the history of polar exploration, deepening your connection to this remote and rugged archipelago. If you've chosen an optional activity such as kayaking, you'll have the chance to enjoy it when conditions allow. For those eager to take a polar plunge, once conditions are suitable, you'll hear the call to prepare for an exhilarating dip – a memory to savour for years to come.

Days 3–7
Spitsbergen

The island of Spitsbergen is the largest in the Svalbard Archipelago and offers Arctic wilderness at its best. The members of our experienced Expedition Team, who have made countless journeys to this area, will use their expertise to tailor our day-to-day itinerary, choosing the best options, based on the prevailing weather, sea-ice conditions and the possibility of encounters with wildlife. Phenomenal fjords, magnificent mountains ranges, and a polar desert rich in fossils, set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, we stretch our legs on walks across tundra carpeted in brightly coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard's largest little auk colonies. If you have chosen an optional activity such as kayaking, you will have an opportunity to enjoy that activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you will hear the announcement to prepare for an exhilarating dip – a memory you will savour for years to come.

Day 8
Disembark in
Longyearbyen,
fly to Oslo

During the early morning, we cruise back into Longyearbyen. Farewell your Expedition Team upon disembarkation and enjoy some free time before transferring to the airport for your return charter flight to Oslo to continue your journey. *Note: the arrival time in Oslo is contingent on the approved allocated slot for our charter flight to and from Longyearbyen, which we expect to receive in March 2027.
