Day 1 Arrive Ushuaia

Arrive in Ushuaia, where you will be met by a representative of Aurora Expeditions and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel. Check-in is from 3.00 pm. This afternoon, visit the Aurora Expeditions hospitality desk in the hotel lobby, between 3.00 pm and 7.00 pm, to collect your luggage tags. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items. Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am – 10.00 am. The remainder of your time is at leisure. All meals today are at your own expense. Assigned accommodation: To be advised.

Day 2 Embarkation	This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day. Spend the day at leisure in the southernmost city in the world, where the dramatic peaks of the Andes meet the Beagle Channel. Relax and enjoy a complimentary late check-out, access to a hospitality room, and your hotel's facilities. Alternatively, embark on a trek, take a stroll along the waterfront, or explore the city's museums, shops, and cafés. At the designated time, meet in your hotel lobby or at the meeting point in the parking lot near the pier. Your exact meeting time and location will be confirmed by our ground staff at the hospitality desk. This evening get to know your fellow expeditioners and friendly expedition team and crew at a welcome dinner to celebrate the start of a thrilling adventure to Antarctica.
Day 3-4 Drake Passage crossing	As we commence the Drake Passage crossing, we make the most of our time getting comfortable with the motions of the sea. Our expedition team prepares you for our first landing with important wildlife guidelines and biosecurity procedures and starts our lecture program to help you learn more about Antarctica's history, wildlife and environment. Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic albatrosses and giant petrels following our vessel. On sea days, you can enjoy the facilities on board the vessel including the gym, sauna and jacuzzis or relax in one of the observation lounges. Nearing the South Shetland Islands and the tip of the Antarctic Peninsula on the afternoon of day four, the excitement is palpable with everyone converging on one of the observation decks watching for our first iceberg. The ocean takes on a whole new perspective once we are below the Antarctic Convergence and are surrounded by the surreal presence of floating ice sculptures. The memory of your first big iceberg sighting is likely to remain with you for a lifetime. Time and weather permitting, we may attempt our first landing in Antarctica by late afternoon.
Days 5-8 Antarctic Peninsula	It is almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most fresh, crisp air on earth is an experience that will stay with you forever. Once we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us. Because we are so far south, we will experience approximately 18-24 hours of daylight and the days can be as busy as you wish. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities. We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula. While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you will have the option to do participate in the activity whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! The polar plunge can take place at any time during the voyage, so listen out for the announcement from the expedition team and get ready for the most exhilarating dip of your life! In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge (open at the captain's discretion) for uninterrupted views of Antarctica in all its splendour. Listen out for the creak and deep rumble of glaciers as they carve into sea. Take a quiet moment to experience the wonder of the pristine paradise of the splendid white continent. If you have chosen an optional activity, you will have the option to do enjoy that activity whenever conditions allow.
Days 9-10 Scotia Sea	As we make our way to South Georgia we will cross the Scotia Sea, following the route that Ernest Shackleton and five of his men took in order to find help for the rest of their crew. On 24 April, 1916, they piled into the James Caird, the most seaworthy of their open boats, to attempt this perilous journey to South Georgia, some 1,290 kilometres (802 miles) distant. Ernest Shackleton hoped to reach South Georgia in two weeks. There he would enlist the help of the whalers to return to Elephant Island and rescue the men who had been left behind. As excitement builds on our approach to South Georgia, catch up with fellow expeditioners in the bar, keep watch for wildlife alongside our naturalist from the various observation areas, or learn more of the Ernest Shackleton story from our historian. "Nearly always there were gales. So small was our boat and so great were the seas that often our sail flapped idly in the calm between the crests of two waves. Then we would climb the next slope and catch the full fury of the gale where the wool-like whiteness of the breaking water surged around us." - Ernest Shackleton
Day 11 At Sea / South Georgia	Sea and weather conditions will determine our departure time from South Georgia today.

Days 12-14 South Georgia	As you near the rugged island of South Georgia, spare a thought for Captain James Cook, who arrived here in 1775 and believed it to be the northern tip of a great southern continent! In fact, it is a small island only 176 km (110 mi) long, but with a 3,000 m (9,842 ft) snow-capped mountain range, some of the world's largest congregations of wildlife and a truly fascinating human history, South Georgia is an island of incredible riches. On approach, jagged mountain peaks rise steeply, while seabirds are often spotted soaring around the ship. Remember to layer up before joining Zodiac cruises around craggy coves and along the rocky coastline in search of nesting penguins, seal haul-outs and bird cliffs. Remember to keep an eye out for South Georgia's kelp forests as well - these remarkable underwater ecosystems are quite mesmerising as their fronds sway back and forth on the water's surface. Zodiacs will also shuttle you from ship to shore, where you can visit some of the largest king penguin colonies on the planet, take a guided walk among fur seals and elephant seals (making sure you listen to your guides and keep your distance!) and wander along pebbled streams and grassy glacial outwash plains. We also hope to visit the remnants of South Georgia's thriving whaling stations and pay our respects to Sir Ernest Shackleton, whose incredible voyage of survival is synonymous with this island.
Day 15 South Georgia / At sea.	Sea and weather conditions will determine our departure time from South Georgia today.
Days 16-17 At Sea	Between the Falklands~Malvinas and South Georgia, you will be enthralled by the ceaseless flight of the many seabirds that follow and circle the ship. Our onboard lecture program will continue with presentations from our team of experts. You can also enjoy the many facilities on the ship, borrow a book from our well-stocked library or perhaps stay active in the fitness centre.
Day 18-19 Falklands~Malvinas	The Falklands~Malvinas comprises two large islands (East and West Falkland), with over 700 islands scattered off the coast. All but seven of these are uninhabited, with windswept coastlines, white sand beaches and crystal-clear water. These beautifully barren islands are true wildlife havens, sheltering an impressive diversity of birdlife, including the largest black-browed albatross colony on earth. The cold, nutrient-rich waters surrounding the islands make this a prime location for spotting marine life. There are many beautiful areas to explore across the Falklands~Malvinas, each offering a unique perspective on this magnificent archipelago. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing winds, weather and wildlife opportunities. Even though we're north of the Antarctic Convergence it can be quite chilly here, so you will want to layer up before joining Zodiac cruises into rocky coves or along sea cliffs, keeping watch for seals, sea lions, dolphins and penguins. On landings we may visit albatross colonies, penguin rookeries and perhaps even have a traditional English 'tea and scones' at a local cottage. Conditions permitting, we aim to land in historic Stanley, the capital of the Falklands~Malvinas. This charming town has a distinctly British character, with terraced town houses, pioneer cottages and even an iconic red telephone box. Colourful buildings house cosy cafes, English pubs, souvenir shops, a post office and the fascinating Historic Dockyard Museum, with displays on the maritime history of the Falkland Islands, natural history and links to Antarctica.
Day 20 At Sea	As we sail towards Ushuaia, you may choose to spend your precious time editing photos, enjoying the onboard facilities, or attend final lectures. Celebrate the end of an unforgettable voyage with newfound friends at a special Captain's farewell dinner. With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of the Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for the Antarctic region, telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here.
Day 21 Disembark in Ushuaia	During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. Upon disembarkation, for those continuing their travels in the region, transportation to the hotel will be arranged exclusively for guests who have booked their accommodations through Aurora or for those staying in downtown areas near the port. Expeditioners departing on flights prior to 14.30 pm will be directly transferred to Ushuaia Airport, those with flights after 14.30 pm will have the opportunity to explore Ushuaia before an afternoon airport transfer, and the transfer procedures and details will be communicated onboard before disembarkation. *Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.

Im Preis inbegriffen

- All airport transfers mentioned in the itinerary.
- One night's hotel accommodation including breakfast, in Ushuaia on Day 1.
- Onboard accommodation during voyage, including daily cabin service.
- All meals, snacks, tea, coffee, soft drinks and juices during voyage.
- Premium spirits, cocktails, beer, wine and liqueurs during voyage.
- Captain's Farewell reception including four-course dinner, house cocktails, house beer and wine, non-alcoholic beverages.
- All shore excursions and Zodiac cruises.
- Educational lectures and guiding services provided by Expedition Team.
- Complimentary access to onboard expedition doctor and medical clinic (initial consultation).
- One 3-in-1 waterproof, polar expedition jacket.
- Complimentary use of Muck Boots during the voyage.
- Comprehensive pre-departure information.
- Port surcharges, permits and landing fees.
- Wi-Fi*.

** Please note we travel to remote regions and therefore the connection can be unreliable.*

Nicht im Preis inbegriffen

- International or domestic flights – unless specified in the itinerary.
- Transfers – unless specified in the itinerary.
- Airport arrival or departure taxes.
- Passport, visa, reciprocity and vaccination fees and charges.
- Travel insurance or emergency evacuation charges.
- Hotel accommodation and meals – unless specified in the itinerary.
- Optional excursions and optional activity surcharges.
- All items of a personal nature, including but not limited to on board gratuities*, laundry services, personal clothing, medical expenses or phone charges.

*Note: *A gratuity of USD $20 per person, per day for the crew and Expedition Team will be automatically added to your onboard account. You may remove or adjust this amount when settling your account. For suite guests, this gratuity is included as part of the Suite Benefits.*
