Day 1 Arrive in Oslo

Having made your way to Oslo, you will be met by a representative of Aurora Expeditions and transferred to our group hotel. Upon arrival at your included hotel, please visit the Aurora Expeditions hospitality desk to collect your luggage cabin tags and to speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket. The remainder of your time is at leisure. All meals today are at your own expense. Accommodation: Oslo Hotel (to be advised).

Day 2 Fly to Longyearbyen, embarkation	This morning, please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Enjoy breakfast at the hotel before transferring to the airport for our charter flight to Longyearbyen for embarkation. Any valuables or personal items should be kept on you throughout the day. In Longyearbyen, explore the town on a guided excursion tour. After the tour, you will be transferred directly to the pier to embark in the late afternoon. Settle into your cabin before attending important safety briefings and enjoy the thrill of departure as we 'throw the lines' and set sail. *Note: the excursion is contingent on the arrival time of our charter flight to Longyearbyen.
Days 3–14 Svalbard Archipelago	Svalbard offers Arctic wilderness at its best. Our experienced expedition team will use their expertise to tailor our day-to-day itinerary, choosing the best options, based on the prevailing weather, sea-ice conditions, and the possibility of encounters with wildlife. Above the Arctic Circle during the boreal summer, the sun does not drop below the horizon until late August, so we enjoy 24 hours of daylight, and more time to explore this breathtaking part of the planet. Svalbard's phenomenal fjords, magnificent mountain ranges and polar desert are rich in fossils, perfectly setting the stage for heroic tales of early exploration. We may encounter walrus hauled-out on sea ice or wallowing on beaches. We may seek out towering cliffs noisy with nesting guillemots and listen to the busy chanting of little auk colonies protected amongst the scree slopes. With more time than on our classic Svalbard voyages we plan to reach further afield; we will attempt to explore the two largest islands in the archipelago; Spitsbergen and Nordauslandet. We may enjoy the delights around Barentsoya and Edgeoya that are located in the Hinlopen Strait, a known polar bear migration route. We plan to visit the remains of old whaling settlements, old pomor sites, and enjoy early morning Zodiac cruises. We will encounter glittering glaciers, keep watch for beluga whales and watch for ivory gulls. Weather and ice permitting we may sail along the most northerly point of the Svalbard archipelago, a favoured spot to a large colony of walruses. If you are participating in an optional activity such as kayaking, you will have opportunity to experience the Arctic whenever conditions allow. For those who are enthusiastic to participate in a polar plunge, when conditions are perfect, you will hear the announcement to prepare for an exhilarating dip – a memory to savour for years to come.
Day 15 Disembark in Longyearbyen, fly to Oslo	In the early morning we cruise back into Longyearbyen for disembarkation. Farewell your crew and expedition team and enjoy some free time before transferring to the airport for your return charter flight to Oslo to continue your journey. *Note: the arrival time in Oslo is contingent on the approved allocated slot of our charter flight to and from Longyearbyen, which we expect to receive in March 2027.
