DEPART FROM TROMSØ

Tag 1 - Depart
from Tromsø

Discover the gateway to the Arctic Tromsø was the base for many historic Arctic expeditions, including those of Roald Amundsen, and its situation 250 miles north of the Polar Circle has led to it being called the 'Gateway to the Arctic'. Just like the legendary explorers, now it is your turn to set a course for the High Arctic. If you arrive early in Tromsø, take the opportunity to ride the Fjellheisen cable car for wide views over this city, located some 200 miles north of the Arctic Circle. Stroll past the modernist Arctic Cathedral, duck into cosy cafés glowing with festive lights, and keep one eye on the water: whales are sometimes spotted offshore.

EXPLORING LYNGEN FJORD AND ALPS

Tag 2 -
Exploring
Lyngen Fjord
and Alps

The scenic Lyngenfjord Over the next week we'll be exploring four distinct regions in depth, each with its own outstanding features and unique beauty. The first such region we're likely to visit is Lyngen. Stretching out to just about 50 miles long is Lyngenfjord, a region of dramatic mountains and valleys, framed by the glacier-capped Lyngen Alps. It's an incredible place for winter activities. Conditions permitting, you can tackle a hike, try snowshoeing, kayak in the icy waters, or join nature landings where you might spot otters and potentially even orcas and humpback whales. Later, it's time for a real treat. Inspired by Norway's friluftsliv, a deep love for the great outdoors, we'll gather on the beach and enjoy the warmth of a bonfire on our Day to Dusk – Flames and Flavours experience. With hot drinks in hand and Norwegian treats cooked by our onboard chefs, you'll really feel at one with nature. If we're lucky, perhaps the Northern Lights will put on a display for us.

SENJA

Tag 3 - Senja

Discover Norway in miniature Senja is Norway's second-largest island, and it's sometimes called Norway-in-miniature. With its rugged mountains, sandy beaches, dark forests and idyllic fishing villages, you can see how it earned this name. Free-roaming reindeer wander around the island, so keep an eye out for them. We plan to visit the historic settlement of Tranøya for a unique experience with some warm Scandinavian hospitality. Learn about ancient Viking culture and modern life in the remote villages of Arctic Norway during the winter months.

Tag 4 - Amidst the Lofoten Peaks	AMIDST THE LOFOTEN PEAKS Svolvær and a polar plunge Anticipation builds as we reach the Lofoten Islands, a winter wonderland of snowcapped peaks rising straight from the sea, narrow fjords, and picturesque fishing villages tucked along them. This iconic coastline is best explored with small ships like MS Spitsbergen. As we navigate these waters, you'll learn about Lofotfisket, the local fisheries that have sustained these communities for centuries, meeting the people who still make their living from the Arctic sea. In Svolvær, Lofoten's harbour town, another bespoke experience awaits: a Nordic Sauna and Polar Plunge. Embrace this revitalising Norwegian tradition as you warm up in a waterside sauna before plunging into the icy Arctic waters of Vestfjord.
Tag 5 - More adventures in Lofoten	MORE ADVENTURES IN LOFOTEN Experience dramatic panoramas The Expedition Team will seek out the best vantage point to explore the Lofoten Islands from water level. We'll head out in Zodiacs or kayaks, gliding beneath dramatically steep peaks that rise straight from the sea, with the chance to land on one of Lofoten's quiet, snow-covered beaches along the fjords. Look out for white-tailed sea eagles circling overhead as you take in the exceptional beauty of this Arctic coastline in its winter stillness.
Tag 6 - Vesterålen	VESTERÅLEN Enjoy an exclusive adventure As we sail towards Vesterålen, an archipelago of rolling moorlands and mountains. Here, the Expedition Team will chart the day's route based on conditions and opportunities, ensuring we make the most of what the region has to offer. If conditions allow, we'll venture into Trollfjord, where narrow waters are framed by sheer-sided cliffs. Or we'll cruise between rugged peaks through the Raftsundet Strait. And as we navigate dramatic fjords, the mountains rise so close to the ship you'll feel like you could reach out and touch them. In Stokmarknes, you'll enjoy the bespoke experience: Into the Night, An Evening at the Museum. The Hurtigruten Museum opens exclusively for our group, where you'll see the preserved MS Finnmarken, a 1956 coastal express ship, and historical exhibitions tracing Hurtigruten's heritage along Norway's coast.
Tag 7 - Towards Tromsø	TOWARDS TROMSØ Experience a final day on expedition We'll stay sheltered in the deep fjords as we make our way back towards Tromsø – at each turn there will be a new island or mountain. Along the way we have plenty of time to scout out landing sites in our small expedition boats, and to go on nature walks and take part in other activities. The scenery continues to be stunning as we pass through these inner waters, with the winter sun illuminating the landscapes and mountains or enjoy the magic of the polar night. We also pass through areas where we're likely to see whales. While on board, enjoy the Arctic scenery from the ship, warm up in the sauna or join the Expedition Team to listen to talks and attend discovery sessions in the Science Centre.
Tag 8 - Return to Tromsø	RETURN TO TROMSØ Another opportunity to explore Tromsø Your expedition cruise ends back in Tromsø. If you didn't have an opportunity to explore this beautiful town before the cruise, make sure you do now. There's so much to see and do here. We hope your time in Arctic Norway has been as rewarding as it has been memorable. After days spent in the stillness of the season, surrounded by dramatic landscapes and soft winter light, you'll return home with a deeper sense of where you've been and memories of a lifetime.
